

## EIGHT-HOUR PACT NOT YET SIGNED; DUE TOMORROW

Department of Justice Insists  
Advantage in Test Is With  
Government.

CAN PRESS FOR DECISION

U. S. Becomes Prosecutor on  
Appeal—Southern Railway  
Asks Ruling.

Although no agreement has as yet been signed between Attorney General Gregory and the railroad counsel over a test case of the Adamson law, officials of the Department of Justice believe that such action will be taken before tomorrow.

"There is no signed agreement," John Suter, secretary to the Attorney General, declared early this afternoon, "reports to the contrary notwithstanding. The Attorney General did not see any of the railroad attorneys yesterday. Two of them were here for a short call on Solicitor General Davis."

Advantage With Government. That the technical advantage in the case so far has rested with the Government, and not with the railroads, who are trying to prove the unconstitutionality of the Adamson law, is the opinion expressed by Department of Justice officials today.

This is because, upon appeal, the Government is the prosecutor and not the defendant. This leaves the initiative in further actions in the hands of the Government, enabling them to press the case to the Supreme Court decision as rapidly as possible.

If Judge Hook's decision in Kansas City had been the official belief, it would have meant that the railroads upon appeal would have the initiative, and, if they desired, could have delayed the legal process at liberty.

Jury Rules Do Not Apply. "So far as legal strategy goes, the victory is with the Government," one prominent official declared. "That there was any disadvantage to the Government in having the burden of proof rest upon it, instead of the railroads, was not believed by Justice officials."

It was pointed out that this being a constitutional question the jury rules of evidence would not apply. The whole case would have to be presented, officials asserted, and upon which side the burden of proof rested was a matter of little technical or real importance.

Southern Asks Ruling. President Fairfax Harrison, of the Southern lines, in announcing that his system is asking the courts to interpret the Adamson law, said:

"There is such an irreconcilable difference between the interpretation of the law upon which the lawyers agree and that the men want that it is apparent that a judicial interpretation and clarification of the law is necessary in the interest of all concerned. Quite frankly, we are now unable to apply the law, because we do not know what it means."

Know What Men Want. "We know what the men want, but the lawyers say the law does not give them that, but gives them something else which every railroad manager knows they do not want. The men are naturally disappointed, but the question is not settled, and so are the managers, but we must all have patience and good temper and try to avoid passion while we grope our way out of the fog."

TRIBUTE TO JUDGE HOOK. Friend Calls Him Good Lawyer, Better Judge, and Fine Fellow.

"A mighty good lawyer, a better judge, and a very fine fellow all around," was the happy friend of Judge William C. Hook, who held the Adamson law unconstitutional, described the jurist today. It may not sound like it, but the description was drawn by a Supreme Court Justice, who added, "Judge Hook, besides all this, is sixty, very tall and exceedingly bald."

Judge Hook was appointed from a district court judgeship to the United States Circuit Court of Appeals by Roosevelt, and a few years later strongly urged upon Taft as Supreme Court Justice.

Judge Hook has three grown daughters and a son.

TO APPEAL TO WILSON. War Department Clerks to Petition To White House.

Federal clerks will make a determined effort to enlist President Wilson in their fight for higher wages. A petition urging incorporation in the annual message of a recommendation for a blanket increase in wages for Government employees was advocated at a meeting of the War Department

Do you want a clear skin?

If your skin is not fresh, smooth and glowing, or has suffered from an unwise use of cosmetics, let Resinol Soap help you to clear it, in a natural healthy way.

Simply use Resinol Soap regularly once or twice a day, and see if it does not quickly soothe and cleanse the pores, lessen the tendency to pimples, and leave the complexion clear, fresh and velvety.

When the skin is in really bad condition, spread on just a little Resinol Ointment for ten minutes before using Resinol Soap. Resinol Soap and Resinol Ointment are sold by all druggists. For samples, free, write to Dept. B-R, Resinol, Baltimore, Md.

branch of the Federal Employees' Union last night.

Officials and members of the clerks' unions are active in getting signatures, and are confident that they will have the petition in the White House in a short time.

The War Department branch last night decided to lay the principal stress of their fight for increased wages on the high cost of living. Although changes in the appropriation, classification, retirement, and many other systems, will be urged, they will be secondary.

NEVER FELT BETTER  
IN MY WHOLE LIFE  
SAYS LOCAL MAN

Had severe pains in his back  
for eight years—Takes  
Dreco and gains 12  
pounds.

"I have gained 12 pounds on four bottles of Dreco, and after eight years of suffering, I feel as well as I ever did in my life," said J. W. Towles, of 223 E. street northeast. Mr. Towles is a structural ironworker and does hard labor.

"For the last eight years I suffered with the most awful pains in my back, which kept getting worse all the time, and even though I tried everything that was recommended to me, nothing did me any good at all. My kidneys bothered me very much, and I'd have to get up eight or ten times during the night, and sometimes the flow was too frequent and sometimes too scant, but always of a high color and feverish, with a bad odor. I lost all my appetite, and it was almost impossible for me to sleep. I couldn't get any rest, no matter what position I would get in, for the pains and soreness in my back. It was very hard to get up after I was down a while."

"I had heard about Dreco so much I bought a bottle and took it faithfully. My improvement at first was slow, but I kept it up, and I am glad I did for now all the pains have left me and I go to bed and rest well, and never have to be called up. My appetite has returned, and I have actually gained 12 pounds in weight. I feel that I have fully recovered, for, as I said before, I never felt better in my life."

Get a bottle of Dreco today, now, from any O'Donnell Drug Store, Bury's in Anacostia, Allen's in Alexandria. Adv.

## RUTH LAW TO TRY FOR RECORD AGAIN

Premier Woman Flyer Will Go  
From New York to Chicago  
in Warplane.

NEW YORK, Nov. 23.—Ruth Bancroft Law, premier woman flyer of the world, is planning a second attempt to establish a new world's record.

Not satisfied with having set a new mark for flights for women, and all but equalling that for men, in her recent trip here from Chicago, she will make the return journey by aeroplane.

But she will not use the obsolete Curtiss exhibition plane in which she came here, instead, she will have a giant Curtiss warplane, and, she says, if weather conditions are favorable, she will establish a new world's non-stop record.

After this, Miss Law intends to try a little coast-to-coast jaunt by the air route.

## MRS. HORTON WILL LIVEN D. A. R. RACE

Comes to Washington to Give  
Impetus to Her Boom for  
President General.

Impetus was given to D. A. R. campaign speculation by the arrival in Washington today of Mrs. John Miller Horton, of Buffalo, one of the candidates for president general, after a tour of the South, visiting D. A. R. chapters in Birmingham and Montgomery, Ala., and Atlanta, Ga.

Mrs. Horton was one of the guests at the celebration of the golden wedding anniversary of Senator and Mrs. Bankhead of Alabama. While in the South she received many assurances of endorsement of her candidacy. The Buffalo City Federation of Women's Clubs yesterday adopted a resolution endorsing Mrs. Horton.

The Federation represents more than forty women's organizations of Buffalo and its immediate vicinity. The Buffalo Chapter, D. A. R., of

which Mrs. Horton was regent fifteen years, has given enthusiastic endorsement to her candidacy and its members have organized for the conduct of the campaign for her.

Mrs. Horton expects to remain in Washington most of the winter to be on the ground to conduct her campaign work with members of the D. A. R. who will come here from time to time, and to be in constant touch with the national headquarters.

72,000,000 EGG PROBE.

Government to Investigate Chicago Cold-Storage.

Seventy-two million eggs are to be investigated.

They are located in Chicago, and it is believed that they are held in a price pool, artificially holding up the cost. James E. West is the owner. The Department of Justice intends to make a thorough probe to determine if the egg storage has violated Federal laws.

District Attorney Clyne, at Chicago, yesterday began his investigation. Those will determine whether or not will be suits against West and other large egg holders under the anti-trust laws.
